

COUNTRY CHIC

Meet your private English speaking guide and your driver in the hotel lobby. Surrounded by the Ragusa countryside, characterised by thousand-years-old carob trees and limestone walls, you will arrive at Mrs Nella's farmhouse. A cup of warm homemade Ricotta cheese and the tasting of typical cheeses will be your welcome, relaxing yourself in the nice courtyard of the house. Then, you will be introduced by Mrs Nella to the Sicilian food, an opportunity to discover the taste, the passion, the poetry and the history that stand behind every single dish of the typical Sicilian gastronomy. You will learn how to cook the "caponata", mixed of vegetables; the "ravioli di ricotta", homemade pasta filled with ricotta cheese; the typical "scacce ragusane", made with flat bread and tomato sauce; the "cassatine", a cake with ricotta. And you can make the recipes when you come back home! Then, you will enjoy the dinner with your homemade food, drinking a glass of Sicilian wine. Return to the hotel.
